Subject: RE: Fw: Maximum User Rates for Citrus on Petro Canada's EndUse Product Labels

Rick,

Only one response from our citrus folks on this one, so I'll just forward Dave's email. Sorry I missed the June 1 deadline.

Al

Hi Al,

The new rates should not affect AZ what-so-ever.

Thanks

Dave

Subject: Fwd: Maximum User Rates for Citrus on Petro Canada's EndUse Product Labels
Glenn, David, James:

Please see the attachment about proposed label changes (rate reductions) for Petro Canada's oil products on citrus. Let me know if these reductions will cause any problems for Arizona citrus production, or if growers use these products at all.?

No deadline was indicated to me, but if possible, please respond by June 1. Thanks.?
